Questionnaire:

1. What do you love most about Coralville?

Coralville is rich in diversity and provides wonderful and accessible amenities such as parks, trails, and the best library a family could ask for.

2. With so many overwhelming issues to address, what would be your primary focus on city council?

My top priority is to ensure that every voice, especially our most marginalized neighbors, can play an important role in community decision making.

3. How will you promote a healthy business environment?

I will partner with groups like Iowa City Area Business Partnership to support and create opportunities for aspiring business owners, especially those led by our BIPOC neighbors.

4. What motivates you to run for city council?

I want to be a voice that represents our most vulnerable neighbors, making decisions that bring positive change for all who call Coralville home
